ELEGANCE REDEFINED

## 5MM SERIES

PREMIUM COMPOSITE PANELS

# Crafting SPACES THAT Inspire

**Premium Composite Panels** are made of two anti-corrosive sheets with a polyethene core, which provides extra benefits. The rustproof aluminium sheets have layers that are not only durable but also visually appealing, cost-effective, and long-lasting. Premium Composite Panels of **5mm** are widely used in MNCs, factories, manufacturing facilities, offices, and hub centres. They are not only effective dividing screens but also do not take up space. They are durable and do not need repairs and replacements , making them a cost-effective choice. They are customizable offering a blend of design, creativity along with functionality like sound insulation making them an excellent choice for cancelling out noise disruptions along with privacy.

## PRODUCT ATTRIBUTES

- METAL BASED HPL
- LIGHT WEIGHT
- ECO FRIENDLY
- WEATHER RESISTANT
- TERMITE RESISTANT
- WIDE RANGE OF COLORS
- FULLY RECYCABLE
- UV RESISTANT
- LUMIFLON COATING
- EASY TO CLEAN
- DURABLE
